**Profile summary:** AI & Automation Consultant with 6+ years' experience building end-to-end AI workflows, no-code/low-code automation pipelines, and LLM-powered solutions with a strong track record of translating complex business requirements into working prototypes and production-grade tools using Claude, n8n, Copilot Studio, and Azure

## EDUCATION

Year	Degree	University	CGPA	Remarks
2025	Master of Business Administration	HHL Leipzig Graduate School of Management	1.4	Deutschlandstipendium awardee <b>Top 5%</b> of the batch
2018	Bachelor of Engineering in Electronics and Communication	Visvesvaraya Technological University	2.2 (Converted)	University president; SAE Supra – Head of Electronics

## WORK EXPERIENCE

**EY Parthenon, Frankfurt** | Master's Thesis Position and Intern **09/2025 – 06/2026**

- Built the DeepQuery Agent in Microsoft Copilot Studio for automated document Q&A, and developed the AI Proposal Engine a centralized LLM-powered knowledge retrieval tool using Github Copilot and automation tools
- Developed AI agents to perform commercial due diligence using n8n, and multiple production-grade automation tools for clients across industries, applying RAG, prompt engineering, and agentic workflow design patterns
- Developed a modular AI system combining rules, machine learning, and web search to automate company-name cleansing and parent-child mapping, reducing manual effort and improving consistency in M&A analytics

**Schaeffler AG, Regensburg** | Strategy and Business Development Intern **10/2024 – 04/2025**

- Co-developed and delivered **3 post-merger strategy workshops** for 100+ managers on new strategy processes
- Implemented an Excel-based **competitor dashboard** that replaced manual tracking, saving the team 5+ hours per week
- Conducted market and technology trend analyses to support growth and investment prioritization in e-mobility

**Porsche Ventures, Berlin** | Student Consultant **02/2024 – 06/2024**

- Devised an automated Excel dashboard using GPTs and VBA to analyze trends across 700+ venture capital-backed companies and surface Data & AI governance gaps relevant to quantum technology-based investments
- Spearheaded 4 investment-facing presentations translating complex quantum concepts into clear, decision-relevant insights

**Xtrawrkx Management Consulting, Bengaluru** | Chief of Staff and Strategy Consultant **01/2023 – 07/2023**

- Orchestrated **5+ client consultations in 6 months** to identify challenges, crafted tailored reports and solution drafts, and led proposal presentations, contributing to improved client satisfaction and a 50% revenue increase within two quarters
- Developed **strategic partnerships** by networking within the industry to enlist **21 subject matter experts** for project-specific challenges, managing 4 project timelines and resource allocations which accelerated project delivery

**Entuition, Bengaluru** | Co-founder and COO **03/2020 – 01/2023**

- Co-founded an ed-tech startup that builds animation-based learning solutions for complex engineering concepts
- Owned strategy and financial planning, scaling the business from concept to **INR 20 million in revenue** within two years
- Expanded collaborations from **3 to 17+ partner universities** leading to a **500% increase in paid users in 18 months**

**Micelio mobility, Bengaluru** | Team Lead and Product Engineer **09/2018 – 08/2020**

- Designed and built the company's first commercial **two-wheeler prototype within 12 months**, now in production
- Directed a team of 5 engineers to design, build and test smart accessories and upgrades for commercial electric vehicles
- Implemented **client-site pilot programs** on the 100+ developed prototypes to generate issue reports and solution plans

## EXTRACURRICULAR ACTIVITIES

**Head of Marketing at The Negotiation Club, HHL Leipzig, Germany** **10/2024 – 09/2025**

- Led marketing initiatives to grow the club and organized negotiation simulations and guest lectures for the cohort

**District Council Member – International Service, Rotaract District 3191, Bengaluru, India** **07/2023 – 06/2024**

- Hosted **50+ rotaractors** from diverse nationalities facilitating cross-cultural exchange and leadership development

**Board Member at Friends of Wildlife, Bengaluru, India** **07/2022 – 09/2024**

- Steered 4 cleanup, 1 development and 11 awareness projects in wildlife conservation in the state reserve forest area

## AWARDS AND RECOGNITIONS

- Graduate of **McKinsey Forward Program**, building practical skills in problem solving and communication (2025)
- Winner** of EY Parthenon's "**HackAIVerse**" data driven due-diligence case study Hackathon at TechSpace, Berlin (2025)
- Winner** of Monitor Deloitte's "**Green steel**" business case study competition at HHL Leipzig's Energy Conference (2024)
- Finalist out of 80 teams from across the world at the World Negotiation Championship at Enschede, Netherlands (2024)
- Best Rotaractor Award** for social service among 10,000+ Rotaractors, Rotary International District 3190 (2023)
- Startup-India recognition for innovation in education from **Central Government of India** for our startup - Entuition (2021)

## ADDITIONAL INFORMATION

**Skills:** Azure Data Factory, ADLS, SQL, Logic Apps, Automations, Power Bi, Zapier, Github CoPilot & Cursor Agent developments

**Languages:** English (C1 – Professional), German (B1 - Intermediate), Kannada (C2 - Native), Hindi (B1 - Intermediate)

**Interests:** Long distance running, cycling, skiing, reading books, simulator racing, sketching, web dev, UI and UX designing
